

About Us:

PHOENIX Healthcare Distribution is a national full-line pharmaceutical wholesaler with a network of 13 depots. We pride ourselves on delivering a high quality supply chain service to our customers, who include pharmacy, GPs, and hospitals. All of our 13 depots are licensed by the MHRA, and comply with BSI ISO Quality and Environmental standards. We operate twice daily deliveries from our depots across Monday to Friday and on a Saturday morning, and our local teams are supported by a centralised function team, primarily from our Head Office in Runcorn.

About the opportunity:

We have a fantastic opportunity for a temperature controlled Delivery Driver (van) to join our existing team based in our {Group Location} Depot.

Reporting into the Transport Manager, you will be responsible for checking, loading and delivering orders to a range of customers on a predetermined route across {Working Pattern}.

Your key responsibilities will also include ensuring the products are carried in the correct conditions with temperature, cleanliness and security all being paramount. As a very visible face to the public and our customers we are looking for the best, and our rate of pay certainly reflects this.

The depot covers areas from {Driving Role to cover}.

The hours of work are {Contracted Hours} per week:
{Working Pattern}

Who we want:

Our ideal candidate will be organised and self-motivated so if this sounds like you we are very keen to speak to you to discuss our opportunity further.
